Environmental business initiative

Since 2007, we have deployed more than $200 billion to our low-carbon, sustainable business activities as part of our Environmental Business Initiative.

In 2021, we announced that we have committed $1 trillion by 2030 toward these efforts as part of a broader $1.5 trillion sustainable finance goal by 2030, focused on financing and investment aligned with the United Nations Sustainable Development Goals.

1 Community involvement amounts represent a cumulative five-year period of contributions; 20 quarters from fact sheet date.
